

Oregon High School Equestrian Teams Inc. Scholarship Process Guidelines

Goal: To award scholarship money to deserving OHSET graduating seniors. Facilitate a fair process for choosing State Scholarship recipients from each district.

Process: Each applicant will fill out and return all forms and applications. Applications and forms will be sent to applicant's District Chair, or other appointed representative. Applications and forms will then be forwarded to a District committee who will make the scholarship choice based on the Rubric provided. Applicants will be confirmed eligible. Each committee member will evaluate and score each applicant. District winners will be recognized at the State Meet as well as other District or local opportunities.

In the case no applicants are eligible from a district that money will then be divided between eligible recipients from other districts.

The State Scholarship appointed Chairperson will monitor the process, answer questions, keep forms up to date, and work to resolve any challenges, together with district chairs or their representative if necessary.

Deadline: Each applicant must have their application and forms submitted and received by Scholarship Chair, no later than midnight 3 weeks prior to State Meet.
