

TACK SALE TIPS

1) Sale Tag Example. Consignor number will be assigned to you, and the item number correlates with the consignor form. Each row on the form is numbered. Contact Kathy Russell for your consignor #. The clearer you mark your items the better.

2) Choose tags that you can TIE onto your item. Stickers and tape are NOT good choices. DCLA is not responsible for tags that fall off. EVERY item MUST have a tag. If items have multiple pieces included be sure to secure all pieces to the tag.

3) If you are bringing a saddle please provide your own saddle stand, and clearly mark the stand “for display only, not for sale”, and include your name and phone number.

4) List all items over \$10 separately on the consignor form. Describe each item accurately

5) Clean items before bringing them to the sale. Dirty blankets and tack rarely sell.

6) Filling out the consignor form and tagging items before bringing them saves you time and energy during the event.
